

## Procedure for Installation and Configuration of the EasyTithe App.

In order to give electronically, church members should download the EasyTithe Giving app from either the iOS App store or Android Google Play store.

Apple

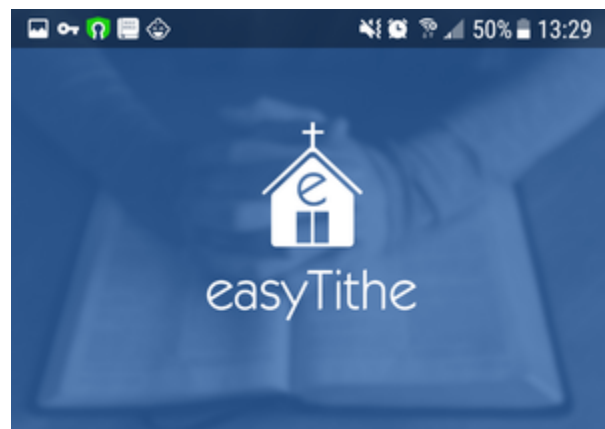

Android

Once installed, church members can then locate the church and create an account for “one time” or “recurring” gifts.

1) Search for the church by Zip Code

**Find your organization to get started**

Organization Name

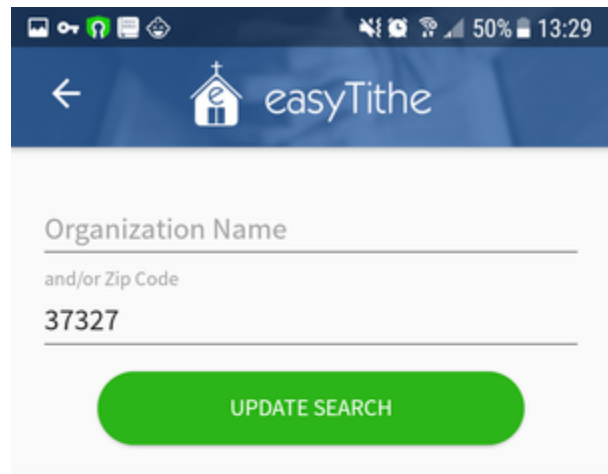

and/or Zip Code

37327

SEARCH →

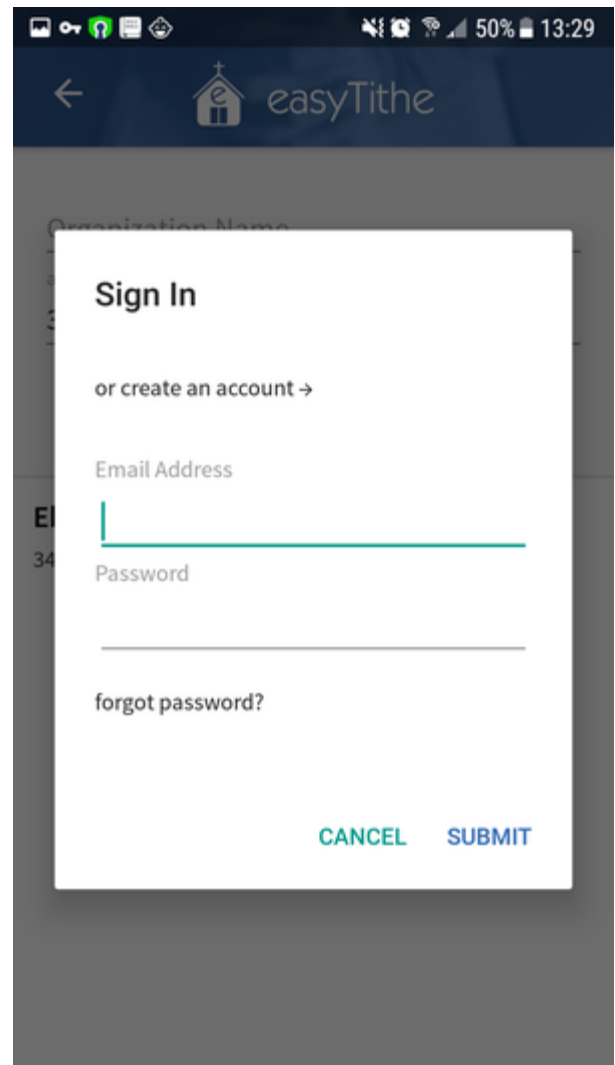

↗ Or find organizations near you

2) Click on “Ebenezer Baptist Church”

The screenshot shows the top of a mobile app interface. At the top is a dark blue header with a white back arrow, a white church icon with a lowercase 'e', and the text 'easyTithe'. Below the header is a light gray search area. It contains two input fields: the first is labeled 'Organization Name' and the second is labeled 'and/or Zip Code' with the value '37327' entered. Below these fields is a large green button with the text 'UPDATE SEARCH' in white. Below the search area, the results for 'Ebenezer Baptist Church' are displayed, including the address '34 Brea Rd, Dunlap, TN 37327'.

3) Click “Create an Account”

The screenshot shows the same app interface as before, but with a white 'Sign In' modal box overlaid. The modal has a title 'Sign In' and a link 'or create an account →'. It contains two input fields: 'Email Address' and 'Password'. Below the password field is a link 'forgot password?'. At the bottom right of the modal are two buttons: 'CANCEL' in green and 'SUBMIT' in blue. The background of the app is dimmed.

4) Fill in account details. Click the Checkmark in the upper left hand corner.

Make sure to use a strong password! This application will have access to both your debit card and your bank account.

Strong Passwords are 20 or more characters in length. Passwords SHOULD NOT be the same as any other password you commonly use for Facebook, Pinterest, or email accounts.

Church members should consider a password app like LastPass, KeePass, or Buttercup.pw to keep track of LONG and SECURE passwords to protect there digital assets. See Justin for more details about creating strong passwords.

5) Choose “Settings” and then “Payment Methods”

The image shows two screenshots of a mobile application. The top screenshot is the 'New Account' form, which has a blue header with a checkmark icon, the text 'New Account', and a 'CANCEL' button. The form is divided into three sections: 'PERSONAL INFORMATION', 'ACCOUNT DETAILS', and 'SECURITY'. Under 'PERSONAL INFORMATION', there are fields for 'First Name' (Joe), 'Last Name' (Tither), and 'Address' (123 Main Street). Under 'ACCOUNT DETAILS', there is a 'Zip Code' field (37327) and an 'Email Address' field (joetither@email.com). Under 'SECURITY', there are 'Password' and 'Confirm Password' fields, both masked with dots. The bottom screenshot shows the 'EBENEZER BAPTIST CHURCH' app interface. It has a blue header with the church name and three tabs: 'History', 'Recurring', and 'Settings'. Below the tabs are three settings cards: 'Justin McAfee' (justinmcafee@protonmail.com), 'Payment Methods', and 'App Details'. At the bottom, there is a 'LOGOUT' button and a red circular button with a white plus sign.

LOGOUT

6) Choose the type of Payment Method you prefer. Multiple Debit or Bank accounts may be added.

7) Press the red circle in the bottom corner on any screen to process a one time or recurring gift of an amount of your choosing. Church members should be diligent to insure that the Amount, Payment Method, Fund, and Recurrence are correct before choosing the “Give!” button.
